## International Group COVID-19 Dashboard

**The International Group Clubs have developed an online portal to facilitate access to comprehensive information and data about country and port-specific measures to combat the COVID-19 pandemic.**

All Clubs will contribute information from their correspondents and other sources to ensure that the dashboard remains as up to-date as possible.

Details of this initiative and links to the dashboard can be found on the International Group's website.

### IG P&I Covid-19 Page
